REMARKS/ARGUMENTS

The Office Action has been carefully considered. The issues raised are traversed and addressed below with reference to the relevant headings and paragraph numbers appearing under the Detailed Action of the Office Action.

Claim Rejections – 35 USC § 112

In paragraph 5 of the Office Action, the Examiner has objected to a number of the claims as being indefinite for failing to particularly point out and distinctly claim the subject matter. In view of the Examiner's objections the independent claims have now been revised to specify that the first printed media is provided to the user, and displays the first information, and similarly a second printed media is provided to the user, and displays the second information. We therefore respectfully submit that the body of all the claims now tie together with the preamble, therefore traversing the objections raised by the Examiner.

CONCLUSION

In light of the above, it is respectfully submitted that the objections and claim rejections have been successfully traversed and addressed. The amendments do not involve adding any information that was not already disclosed in the specification, and therefore no new matter is added. Accordingly, it is respectfully submitted that the claims 1 to 35, and the application as a whole with these claims, are allowable, and a favourable reconsideration is therefore earnestly solicited.

Very respectfully,
